TSCHEANENBROS., Druggists**SIMPLY HAD TO GET DRUNK**

So Happy Over Getting Back to Marion.

BICYCLIST IS INJURED

Thrown From Wheel Then is Roundly Abused.

Ernest Hoy is Arrested Charged with Assault and with Menacing and Threatening to do Harm.

Ernest Hoy, son of David Hoy, of Windsor street, was arrested this morning on an affidavit filed by G. W. Jennings, charging him with assault and with menacing and threatening to injure the complainant.

Hoy and several other boys were playing ball on Windsor street yesterday afternoon when Mr. Jennings came along on his bicycle. Hoy started after a ball and collided with the man on the wheel severely injuring the rider. Although Hoy was unhurt and entirely at fault, he commenced to abuse Jennings, calling him all of the names in the book and threatened to knock his head off. Hoy is a rather husky lad and had pugilistic aspirations.

Accidents of this nature are of almost daily occurrence and the police are determined to stop ball playing on the streets. There are plenty of vacant lots for the youngsters to play on and the officers have instructions to bring offenders before the mayor.

The owners of vacant property are not complying with the request of the Service Board that they cut the grass and weeds on vacant and unimproved property in the city and the police has been asked to line up the owners. The Service Board has no funds to carry on the work and unless property owners get busy many of the streets in the outlying districts will soon have a very undesirable appearance. The officers will try to get owners on a number of the streets to cut the high grass and weeds.

Charles Streets, whose home is near Espyville, was returning from a long sojourn in the west yesterday when he acquired a jag of goodly proportions and was arrested in the West End by Officer Hostetter. He told the mayor that he was so overjoyed at getting back in Marion that he could do nothing but get full. When searched he had \$4 in his pockets so the mayor fined him that amount and warned him to keep his spirits down in the future.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

SALE OF BONDS

Sealed proposals will be received at the office of S. T. Quigley, City Auditor, Marion, Ohio, until 4 p.m. July 10, 1907, for the purchase of ten bonds of \$1000 each, issued for the purpose of paying the city's portion of certain street improvements. Bonds bear date of June 1, 1907, interest at 4-1/2 per cent., payable semi-annually at the City Treasury. Bonds mature as follows: One bond, March 1, each year, 1911 to 1920, both inclusive, payable at City Treasury.

Said bonds are issued under Section 53 of the Ohio Municipal Code, and will be sold to the highest and best bidder for not less than par and accrued interest. The right to reject any and all bids is reserved. Each bid must be accompanied by a certified check for \$100, payable to the City Treasurer, as a guarantee of good faith.

S. T. QUIGLEY,
City Auditor.

D.B. Goodsell**A PRICELESS GIFT**

Is That of Vital Magnetism, as Possessed and Daily Exemplified by the Famous Boy Phenomenon.

Whose Many Remarkable Cures in Marion Positively Prove Its Potency and the Permanency of His Cures.

Having Discharged so Many as Permanently Cured, He Now Has More Time to Devote to New Patients, and Has Therefore Extended the Reduced Prices of Treatment One Week More.

The advent of the Boy Phenomenon, the young exponent of Vital Magnetism, has stirred this city to its very foundation, and the great stone wall of skepticism that stood like a huge barrier in front of the sick three weeks ago has been dashed aside by the tidal wave of popular approval which has been imprinted on the work of this great healer as day after day two and sometimes three and four of our oldest and most respected citizens have come forward in the daily papers and made public statements of their wonderful relief and cure.

In scientific circles the work has been taken up as a live topic of discussion, and among the medical fraternity there are few who have not given the subject of the application of Vital Magnetism in the curing of disease deep thought, and been forced to admit that his remarkable cures are beyond their comprehension.

Think of it, ye who still follow the old fashioned way of noxious medicine, of experimenting methods, and the ever ready surgeon's knife. Here is a system which in the past three weeks has accomplished the positive, permanent cure of 49 cases of the most baffling sort, every one of whom had doctored for years and spent hundreds of dollars in a vain search for relief, only to be told in the end they were incurable. But the Boy Phenomenon has cured them not helped them, but in all that the word signifies, has positively and permanently cured them, many of whom are so grateful that besides paying for their treatment they are requesting their testimonials published.

Life and health in the human system means that the body is supplied with a sufficient quantity of Vital Magnetism. Sickness and disease, on the other hand, show that the supply is exhausted and an entire absence of it means death. Vital magnetism, then, is the one great spark of life and health that makes rich, red blood, rosy cheeks and the robust appearance which medicines

cannot give. Its magnetic influence permeates every nerve, rejuvenates the body, awakens and vitalizes the nerves, stimulates the heart, puts new strength, new life, new ambition into every function and feeling that makes life worth battling for. That is Vital Magnetism—a simple and direct transference of the vital current from one whom nature has blessed with an excessive supply to one who is deficient in that element of life.

There is not a chronic disease known that cannot be cured by Vital Magnetism and in most cases positively and permanently cured, especially such diseases as: weak, shattered nerves, tired brain, poor blood, debilitated system, female troubles, physical exhaustion, sleeplessness, despondency, mental depression, hysteria, paralysis, numbness, neuralgia, rheumatism, lumbago, epileptic fits, chorea, heart trouble, sciatica, headache, indigestion, loss of appetite, constipation, biliousness, kidney and liver diseases, deafness, catarrh, lung troubles, locomotor ataxia, vertigo, neuritis, nervous prostration, alcoholism and all drug habits, female troubles, barrenness, impotence, tumors, eye troubles, piles, catarracts and all diseases of the nervous system in which medicine has been experimenting for decades with what result, alas, we all know. It has been left to magnetism to startle the world with a record of cures of so called incurable diseases which has never been equaled.

Having discharged 49 cases as permanently and positively cured the past three weeks, he now has more time to devote to new cases, and as many were unable to take treatment last week owing to the large crowds he has consented to extend the time of the present low fees one more week therefore those who wish to be cured at the present low prices must call at their earliest convenience, as his time is being rapidly taken up.

Office hours at the Majestic Hotel are daily except the Sabbath from 10 to 5 and 7 to 8 evenings.

STEEL FURNITURE MAY BE PURCHASED

In Furnishing the Free Public Library.

Work on the New Building is Progressing Nicely—Will be Completed Sept., 1.

The furniture question was the principal topic of discussion at a regular meeting of the Board of Public Library trustees last night. It was practically decided to furnish the library with steel furniture although no definite action was taken. The board has made a thorough investigation of this kind of furniture and the members believe that it will be more satisfactory than any other. The book cases, the chairs, tables, benches and every bit of furniture in the new library will be of steel if the present plans are carried out. A final decision will be reached at the next regular meeting of the board at which time the contract for furnishing the new building will be let. The furnishings will cost about \$3,000.

The contractor reported that practically all of the brick work on the building has been completed and that work on the roof will be commenced at once. It is believed that the library will be ready for occupancy before September 1 and that the structure can be opened to the public on September 1 or at least within a few days later.

It is planned to have a general public reception on the afternoon and evening of the opening day and to invite every person in the city to make a thorough inspection of the building. A number of unique features will be arranged for the opening.

At the present time there are about 10,000 books in the library. Many of these books will be rebound. The board has about \$2,000 with which to purchase new books and the purchase will be made as soon as the library is installed in its new quarters. Our room in the new building will be used as a book hospital, and all of the old books will be rebound or repaired by the employees of the local institution.
